GOVERNMENT OF MYSORE

My dear Mr Narain Das

With reference to your letter No 106 dated the 23 January re the attack of the Plague Commr at Nr be advances to persons (other than those) desirous of building temporary sheds outside the limits of the Kumpta town I am desired to inform you that the Govt are afraid that your proposal is a very ill considered one. A system of advances such as that proposed is most difficult to work. If a man is very poor, [redacted] (he has some [redacted] one full of let him get up his shed with his own labour. There is [redacted] any official too poor to get up a small hut (Korchee style) for himself.

Good servants are less than ten thousand
may be given materials free of accidents
quantity I am asked to make the above
suggestions to you & add that the advanced
system is recommended to work - But
if our proper consideration not be carried out
consider the proper advanced receipts and
Cannot be otherwise Kindly let me
Know how you would work the system
good- hope however that you will find
that the above suggestions are really
better for all than the advanced system
~~you proceed by you~~

Yours Very Sincerely

Sir,

I have the honour to state that as plague has broken out at Tumkur many persons officials and non-officials are desirous of living out of the town in sheds built in open fields and have applied for advances of money for the purpose

2 One of the most important measures in connection with the Plague Preventive Operations being

being the evacuation of houses in infected localities

the spontaneous efforts of the people in that direction

deserve every encouragement. Persons in well-to-do

circumstances have already left the town and

are living in temporary sheds built in open fields.

But the poorer classes have to remain in the

town owing to their inability to provide

themselves with decent accommodation outside

2. I beg therefore that permission may

be accorded for advances to be given

to officials not exceeding their one month's

salary and to non-officials upon tangible

and proper security subject to repayment in

three instalments in both cases.

I have &c

each for putting up health sheds and that the amounts thus advanced may be adjusted in 3 monthly instalments the maximum amount of advance being limited to Rs: 30/- however high one's salary may be. I quite approve of the proposal as the officials are in a helpless condition and would therefore request that Special sanction may be accorded for the same as early as possible.
